Adapting this pattern to other yarns

You can easily adapt this drop loop pattern to suit any type of yarn. Use needles one or two sizes larger than usually recommended for that particular yarn.

If the yarn is thicker than an 8ply then either cast on 22 stitches and have a wider scarf or cast on fewer stitches to achieve the 13cm width.

If the yarn is thinner than an 8ply then either cast on 22 stitches and have a thinner scarf or cast on more stitches to achieve the 13cm width.

Rather than working 8 rows of garter st each time you can alternate between 6 rows then 10 rows.

Be creative and find a combination that works for you!
